

clothing fashion fabrics and pdf

Sustainable fashion, also called eco fashion, is a part of the growing design philosophy and trend of sustainability, the goal of which is to create a system which can be supported indefinitely in terms of human impact on the environment and social responsibility. It can be seen as an alternative trend against fast fashion

Sustainable fashion - Wikipedia

Clothing (also known as clothes, apparel and attire) is a collective term for garments, items worn on the body. Clothing can be made of textiles, animal skin, or other thin sheets of materials put together. The wearing of clothing is mostly restricted to human beings and is a feature of all human societies. The amount and type of clothing worn depend on body type, social, and geographic ...

Clothing - Wikipedia

I think about fabric a lot – probably more than is healthy or normal. I love how nice fabric looks and feels, and I love sewing clothes with it that I can wear over and over. I like looking at fabric just sitting on my shelf. It’s true, I am a hopeless FABRIC NERD. When it comes to sewing clothing ...
