

design of concrete structures pdf

In the eurocode series of European standards (EN) related to construction, Eurocode 2: Design of concrete structures (abbreviated EN 1992 or, informally, EC 2) specifies technical rules for the design of concrete, reinforced concrete and prestressed concrete structures, using the limit state design philosophy.

Manuals and documents in this section relate to concrete blocks and concrete masonry walling. In particular, MA45 Concrete Masonry Handbook is suitable for students and MA55 Design and Construction of Concrete Masonry Buildings is aimed at assisting engineers, architects and builders with the design and construction of concrete masonry walls.
