1988–2001. Although web design has a fairly recent history, it can be linked to other areas such as graphic design. However, web design can also be seen from a technological standpoint.

Web design - Wikipedia

A designer is a person who designs. More formally, a designer is an agent that "specifies the structural properties of a design object". In practice, anyone who creates tangible or intangible objects, products, processes, laws, games, graphics, services, and experiences is referred to as a designer.
