Intersectionality is an analytic framework which attempts to identify how interlocking systems of power impact those who are most marginalized in society. Intersectionality considers that various forms of social stratification, such as class, race, sexual orientation, age, disability and gender, do not exist separately from each other but are interwoven together.

A geographer is a person whose area of study is geography, the study of Earth's natural environment and human society.. Although geographers are historically known as people who make maps, map making is actually the field of study of cartography, a subset of geography. Geographers do not study only the details of the natural environment or human society, but they also study the reciprocal ...
