World-class teaching, research and facilities-in one of the friendliest learning environments in the country. That's Carolina's Department of Chemistry and Biochemistry.

Department of Chemistry and Biochemistry - Department of

An automated analyser is a medical laboratory instrument designed to measure different chemicals and other characteristics in a number of biological samples quickly, with minimal human assistance.

Automated analyser - Wikipedia

A medical laboratory or clinical laboratory is a laboratory where tests are carried out on clinical specimens in order to obtain information about the health of a patient in order to provide diagnosis, treatment, and prevention of disease. Clinical laboratories are thus focused on applied science, mainly on a production-like basis, as opposed to research laboratories that focus on basic ...
