Continuous functions are of utmost importance in mathematics, functions and applications. However, not all functions are continuous. If a function is not continuous at a point in its domain, one says that it has a discontinuity there. The set of all points of discontinuity of a function may be a discrete set, a dense set, or even the entire domain of the function.

The core foundation of Hindu belief is that Vedas contain source of all knowledge " physical or

metaphysical. However in last 100 odd years, this belief has come under scrutiny due to the advances that modern science claims to make.

Science in Vedas

Obviously there is more going on than evaporative cooling (costly signalling, consistency and commitment effects, etc.), but I think that it is a fair first order approximation if the group one is talking about is American Christianity as a whole.

There Are Rules Here | Slate Star Codex

The Catholic Church is subjected to a great deal of suspicion, if not outright scorn, when it comes to its treatment of women. Does the Church treat women as "second class"? In short, does the Catholic Church hate women? Few people would put the question that strongly, yet many believe the answer
