Domestic violence (also named domestic abuse or family violence) is violence or other abuse by one person against another in a domestic setting, such as in marriage or cohabitation. It may be termed intimate partner violence when committed by a spouse or partner in an intimate relationship against the other spouse or partner, and can take place in heterosexual or same-sex relationships, or ...

PREFACE. his seventh edition of Nursing Research: Principles and Methods presents many important changes to this textbook. This edition retains the features that have made this an award-winning textbook, while introducing revisions that will make it more relevant in an environment that is increasingly focused on evidence-based nursing practice.

In social science and politics, power is the ability to influence or outright control the behaviour of people. The term "authority" is often used for power perceived as legitimate by the social structure. Power can be seen as evil or unjust, this sort of primitive exercise of power is historically endemic to humans, however as social beings the same concept is seen as good and as something ...
