

the benchmarking book pdf

Benchmarking is comparing ones business processes and performance metrics to industry bests and best practices from other companies. In project management benchmarking can also support the selection, planning and delivery of projects. Dimensions typically measured are quality, time and cost. In the process of best practice benchmarking, management identifies the best firms in their industry ...

Benchmarking - Wikipedia

Web server benchmarking is the process of estimating a web server performance in order to find if the server can serve sufficiently high workload.
